

Reception Activities - Wednesday 15th July

It's Wednesday boys and girls! I hope you enjoyed yesterday's activities. Today we are finishing our Literacy from yesterday, still thinking all about you!

So, here are today's jobs for you to keep your brains and hands busy:

Literacy: Today we are still thinking about ourselves, completing our 'All about Me' sheet.

<u>Name</u>		<u>All about me!</u>		<u>Age</u>	
<u>Me</u> (Draw a picture)				<u>Area of the classroom</u>	
<u>Animal</u>		<u>Colour</u>		<u>When I grow up</u>	
				<u>Friend</u>	

Yesterday I wrote my name and age and drew a picture of myself. Today I am going to complete my sheet by writing about my favourite area of our classroom and what I would like to be when I am older.....this will be easier for you! Can you write these in full sentences using the sounds you have learnt? Here are my sentences:
 Eg My fayvrit aireea is the wrighting aireea.

I want to be a teechir.

Also today I would like you to look at sounds in your sound books. How many could you write independently without looking at the book??

Maths: Today you're practising saying the number 1 more & 1 less. You can still use a number line if you need but you should now be able to say the numbers 1 more & 1 less without it. Remember, it's the next number, as if you were counting for 1 more and the one before for 1 less.

You have needed numbers to 20 a few times now so hopefully you will have a set handy. If not, then quickly make a set and cut them up:

1	2	3	4	5	6	7	8	9	10
11	12	13	14	15	16	17	18	19	20

Place the numbers in a bag or mixed up and face down on the table or floor. Ask your grown-up to choose a number and say it out loud. You tell them the number that is 1 more than the number they chose. Try this 10 times! Now repeat saying the number 1 less.

Story Time: Today's choice for story is another favourite, 'The Gruffalo'. I know how much you all enjoy this one:

I know many of you have this story but you may enjoy watching it on BBC iplayer.

Today's Activity: Today's activity is designed to get you moving!
On a piece of paper write your whole name. You should all be able to do this independently now. Next, use the image below to work out to your name. Grown-ups too!
