[During the lockdown new guidance was introduced-Restricting attendance during the national lockdown: schools](#)-This update has been reviewed and key points included in the risk assessment update.

On January 4<sup>th</sup> 2021 the Prime Minister announced that England would enter a [National Lockdown](#) due to the surge in coronavirus cases.

For as long as COVID-19 remains in the community, judgements will need to be made within settings about how to minimise the risk from COVID-19, in the school community.

Public Health England advise systems of controls to minimize coronavirus (COVID-19) risks in school environments;

1. Minimise contact with individuals who are unwell by ensuring that those who have coronavirus (COVID-19) symptoms, or who have someone in their household who does, do not attend school.
2. Where recommended, use of face coverings in schools.
3. Clean hands thoroughly more often than usual.
4. Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach.
5. Introduce enhanced cleaning, including cleaning frequently touched surfaces often, using standard products such as detergents and bleach.
6. Minimise contact between individuals and maintain social distancing wherever possible-Schools put in place measures that suit their circumstances.
7. Where necessary, wear appropriate personal protective equipment (PPE)-Where need identified.
8. Always keeping occupied spaces well ventilated.
9. Staff/Parents to engage with the [NHS Test and Trace](#) process-Where need identified.
10. Manage confirmed cases of coronavirus (COVID-19) amongst the school community-Schools have been provided with guidance from DCC
11. Contain any outbreak by following local health protection team advice-Where need identified.

Durham County Council (DCC) have produced two documents to support schools in their decision making in relation to COVID-19; [Child/staff develops symptoms in school/setting](#) and [Schools/Education settings COVID-19 reporting process](#). DCC HR colleagues have produced a flow diagram for schools to follow-[Employee testing and isolation requirements](#).
