- Changes to the filtering and monitoring approach will be risk assessed by staff with educational and technical experience and, where appropriate, with consent from the leadership team.
- The leadership team will ensure that regular checks are made to ensure that the filtering and monitoring methods are effective and appropriate – weekly Smooth wall email reports and timely alerts.
- All members of staff are aware that they cannot rely on filtering and monitoring alone to safeguard learners; effective classroom management and regular education about safe and responsible use is essential.

- The filtering system blocks all sites on the [Internet Watch Foundation](#) (IWF) list.
- All school devices should be connected to a filtered feed. If a school device needs access to additional content, for instance to manage official social media, the filter settings for that device or user should be modified to allow access to that content.
- We work with BCCET to ensure that our filtering policy is continually reviewed.
- If learners discover unsuitable sites, they will be required to:
  - Turn off monitor/screen and report the concern immediate to a member of staff.
